Burning Dynamite.

whistle alarmed the people of Prescott yesterday afternoon by its shrill blasts. The cause of the note of alarm sent forth by it was the burning of a box car on the railroad Y just west of

The south bound freight train arrived about three hours late. It had a car load of powder in it for Brown cut out of the train and switched to the spur on the end of the Y. In less than half an hour afterwards the fire was discovered. The only plausible theory of the origin of the fire is that Elevator With Twenty-Three Peo- it was caused by a spark from the engine which took it to the Y.

It was most fortunate that the powder burned up instead of exploding. The value of the powder is said to have been between \$3000 and \$4000 and makes the second one lost on the
